

The Institute of Technology or Polytechnic sector Year: 2012

Successful Completion of Courses

Level 1-2	75%
Level 3-4	76%
Level 5-6	77%
Level 7-8	87%

This measure shows the proportion of courses in a given year that are successfully completed.

Completion of Qualifications

Level 1-2	63%
Level 3-4	66%
Level 5-6	69%
Level 7-8	78%
Level 9-10	56%

This measure shows the proportion of students in a given year who complete a qualification.

Student Progression to Higher Level Study

Level 1	33%
Level 2	42%
Level 3	35%
Level 4	35%

This measure shows the proportion of students in a given year who progress to study at a higher level after completing a qualification at levels 1 - 4.

Students Retained in Study

Level 1-2	47%
Level 3-4	55%
Level 5-6	60%
Level 7-8	78%
Level 9-10	82%

This measure shows the proportion of students in a given year that complete a qualification or re-enrol at the same tertiary education organisation in the following year.

About the Institute of Technology or Polytechnic sector

In 2012 the TEC allocated Student Achievement Component funding to all 18 Institutes of Technology and Polytechnics (ITPs), which funded from approximately 2,000 to over 8,000 equivalent full-time students.

The nature of enrolments at a specific ITP will influence its performance. For example, part-time and extra-mural students often have work or family commitments and cannot devote as much time and energy to their studies. They may also have different study goals.

EIT's results are not necessarily comparable to previous years given the merger of EIT with Tairāwhiti Polytechnic on 1 January 2011.

In addition, the Canterbury earthquakes impacted on ITPs with delivery sites in Canterbury and decreases in enrolments can have flow on effects on qualification completion and retention, in particular.

Government expectations of the Institute of Technology or Polytechnic sector

The government expects ITPs to:

- Enable a wide range of students to complete industry relevant certificate, diploma and applied degree qualifications
- Enable local access to appropriate tertiary education
- Support students with low literacy, language and numeracy skills to improve these skills and progress to higher levels of learning
- Work with industry to ensure that vocational learning meets industry needs.

Tertiary Education Strategy

The Tertiary Education Strategy calls for better performance from the tertiary education sector as well as raising achievement for all learners under 25, and for Māori and Pasifika learners.

Context

Number of students in total: 130,585

Number of equivalent full-time student places: 66,886

Student ethnicity*		Level of study	
European	64%	Level 1-2	12%
Maori	22%	Level 3-4	36%
Pacific	10%	Level 5-6	20%
Asian	10%	Level 7-8	30%
Other	5%	Level 9-10	1%

*Total may exceed 100% as some students identify with more than one ethnicity.
