About the Wananga sector

The three wananga are designated under the Education Act 1989 as unique organisations that offer quality education based on Maori principles and values.

There is a significant difference in size and offerings between the wananga. Almost 60% of all students enrolled in wananga are Maori.

The nature of enrolments at a specific wananga will influence a wananga's performance. For example, part-time and extra-mural students often have work or family commitments and cannot devote as much time and energy to their studies.

Government expectations of the Wananga sector

The government expects wananga to:

- Create and share matauranga Maori that contributes to whanau, hapu and iwi prosperity, and New Zealand's economic, social, cultural and environmental development
- Make an increasing contribution to sector-wide leadership through advancing matauranga Maori
- Enable students to complete a range of sub-degree, degree and postgraduate qualifications, with clear study paths to higher levels of learning

Tertiary Education Strategy

The Tertiary Education Strategy (TES) sets high expectations for TEO performance and prioritises an outcomes focus especially for industry, Maori and Pasifika learners and at risk young people.
