### About the Private Training Establishment sector Government expectations of the Private Training Establishment sector

In 2013 the TEC funded 198 Private Training Establishments (PTEs) through its Student Achievement Component fund...

.The size and characteristics of PTEs vary. Smaller specialised PTEs may offer a single qualification for fewer than 20 equivalent full-time students (EFTS). The largest PTEs may offer a range of qualifications to over a thousand EFTS. For these reasons comparing PTEs may be difficult.

The government expects PTEs to:

- Work with employers to ensure provision meets employment and industry needs
- Get at-risk young people into a career or further education
- Enable Maori and Pasifika learners to progress from foundation level education to higher levels of learning
- Improve adult literacy and numeracy

#### **Tertiary Education Strategy**

The Tertiary Education Strategy (TES) sets high expectations for TEO performance and prioritises an outcomes focus especially for industry, Maori and Pasifika learners and at risk young people.
