

Infosheet: Using Ngā Kete to inform your Investment Plan information

We publish Ngā Kete Information Products (info apps) on the [Ngā Kete website](#). These info apps are intended to make it easier for you to view and analyse the data you submit to us. The data provides views of the big picture as well as of your own delivery and performance in context.

Ngā Kete brings together information so you can use it to support the production of your Investment Plan. In your Investment Plan you need to show us you understand your data and are responding to any areas that need improvement.

This infosheet outlines what each Ngā Kete information product can do to help you, and links to more detail about how to use each info app.

All the info apps can be found via the [Ngā Kete website](#) and are listed below. Broadly they cover the areas of:

How to get the most value from our information products

<i>Transitions into tertiary education</i>	The ' <i>Secondary to Tertiary Transition</i> ' app shows the learner's first enrolment in qualification-based tertiary education for school leavers.	From this information you are able to profile where your learners are currently coming from and possible opportunities to attract learners from other schools.	Secondary to Tertiary Transition <ul style="list-style-type: none"> • Quick guide
<i>Provision</i>	The ' <i>My Provision</i> ' apps use enrolment data from the Single Data Return (SDR) and the Industry Training Register (ITR) to provide a picture of the 'who, where, and what' in enrolment for tertiary education.	Your Plan needs to show an understanding of who your learners are, and their needs and aspirations. This app provides learner data broken down by a number of elements including gender, ethnicity, and age. <i>Regional Information</i>	This app shows tertiary enrolments by region including information on learner demographics and programmes enrolled in. It also shows learner migration in terms of where they left school and where they enrolled in tertiary education.	Your Plan should show how you respond to demands and needs in your region. This app supports your knowledge of your region's demand.	Regional Education Profile Quick guide
<i>Performance</i>	The <i>'My Performance'</i> apps provide a detailed view of data your organisation reports that contribute to your educational performance indicators (EPIs) through the SDR or the ITR. The <i>'Tertiary Provision'</i> apps allow you to compare your organisations' performance against other TEOs.	<p>In your Investment Plan we want to see that you understand, in detail, how your learners are achieving. These apps will help you identify areas of success as well as areas for improvement. You will need to be able to identify any groups that are doing less well in specific areas and put in place plans to address this.</p> <p>As well as showing improvement against your own results, we want to see that your organisation is achieving well compared to other tertiary providers. These apps can look at other TEOs in the same area, delivering similar programmes, or supporting learners with similar demographics.</p>	<p>My Performance ITR</p> <ul style="list-style-type: none"> • Quick guide <p>My Performance SDR</p> <ul style="list-style-type: none"> • Quick guide <p>Tertiary Performance SDR</p> <ul style="list-style-type: none"> • Quick guide <p>Tertiary Performance ITR</p> <ul style="list-style-type: none"> • Quick guide
<i>Commitments</i>	The <i>'My Commitments'</i> app shows how you are performing against what your organisation has committed to in the Plan delivery and Performance commitments. There are two types of commitments: Delivery and Performance.	<p><u>Delivery:</u> When reviewing your plans we look at what you have previously committed to deliver and what was actually delivered. We also look at what you are committing to deliver going forward.</p> <p><u>Performance:</u> When reviewing your plans we look at what you have previously committed to in terms of educational performance. We</p>	<p>My Commitments</p> <ul style="list-style-type: none"> • Quick guide <p>My Commitments: pre-2019 commitments app</p> <ul style="list-style-type: none"> • Quick guide <p>My Industry Training Commitments</p> <ul style="list-style-type: none"> • Quick guide

		<p>also look at what your performance commitments are going forward.</p> <p>These apps provide the information we will be considering when reviewing your commitments for performance and delivery.</p>	
<i>Post Study Outcomes</i>	The ' <i>Post-Study Outcomes</i> ' app helps to understand the outcomes for learners and presents information on the post-study labour market outcomes of domestic graduates.	We want to see evidence in your Plan that your provision results in good post study outcomes. Where outcomes are less good we want to see in your Plan how you will address this.	Post-Study Outcomes <ul style="list-style-type: none"> • Quick guide
<i>Funding conditions, allocations, and payments</i>	These apps help to find up to date information on allocations, forecast information, payments and to check compliance with funding conditions.	These apps help you stay in line with the agreed parameters of your current funding.	My Funding Conditions <ul style="list-style-type: none"> • Quick guide My Allocations and Payments <ul style="list-style-type: none"> • Quick guide
<i>Research/Specialist Apps</i>	<p>For TEOs receiving the Performance Based Research Fund (PBRF) two apps can help you explore data in terms of evaluation and researcher demographics.</p> <p>For TEOs delivering under the specific Literacy and Numeracy funds the Literacy and Numeracy apps provide information on commitments and provision.</p>	Any TEO requesting funding through their Plan for these specialist funds will be expected to provide evidence of analysis of their performance as with other funds.	My Literacy and Numeracy Commitments <ul style="list-style-type: none"> • Quick guide My Literacy and Numeracy Provision <ul style="list-style-type: none"> • Quick guide
<i>Industry Training</i>	For TEOs submitting data through the ITR the ' <i>Industry Training and offsets</i> ' app provides calculations relating to under-achievement offsets and potential recovery amounts.
