Dear 9(2)(a)

Thank you for your request, received on 30 May 2019, for the following information under the Official Information Act 1982 (the Act):

*This an OIA request, asking for the numbers of students taking Te Reo Māori as a subject at New Zealand tertiary institutions.*

*Please provide the figures for individual institutions.*

*I would like to get the most recent figures available, and also for the year that is five years previous e.g. for 2018 and 2013, not all the years in between.*

I am releasing the information requested to you in the attached Appendix A.

In order to protect the privacy of individuals I am withholding enrolment numbers where there is this the potential to identify individual learners. This decision complies with section 9(2)(a) of the Act.

I am satisfied, in terms of section 9(1) of the Act, that the need to withhold the information referred to above is not outweighed by other considerations that render it desirable, in the public interest, to make the information available.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at [www.ombudsman.parliament.nz](http://www.ombudsman.parliament.nz) or freephone 0800 802 602.

The TEC intends to publish its response to this request on our website with your personal details removed. Consistent with the Act, we are publishing responses in the interests of transparency and accountability, and to improve access to official information.

Yours sincerely

John Soulis  
Deputy Chief Executive Corporate and Finance  
Tertiary Education Commission

\*This information has been extracted and calculated using data from the student data returns (SDR).

\*It may not accurately represent delivery reported outside of the SDR.

\*The data produced relies on the accuracy of information reported to the TEC.

\*X denotes a value that has been masked for privacy reasons.

\*Where a learner's course enrolment starts in one year and ends in another the learner will be reported in each year.

\*The volume and value of delivery are apportioned across each year, based on the amount of study falling in that year.

\*Data as at 26/06/2019.
